CISV Washington DC 2017 Summer & Winter Programs

CISV provides a range of unique summer camp and family based activities, which develop cross-cultural understanding in youth from around the world. By encouraging respect for cultural differences and the development of self-awareness, CISV empowers each participant to incorporate these values into their lives while they have fun, learn and build global friendships.

Youth who are ages 11-18 during the summer of 2017 and adults interested in leading a program, will find additional information and application at www.cisvdc.org.
